OASIS ELEVATOR LTD

Reliable • Safe • Modern

Quality Matters

About Us

Oasis Elevator Ltd is a leading provider of vertical transportation solutions, specializing in the design, supply, installation, modernization, and maintenance of elevators, escalators, and moving walkways.

With years of industry expertise and certified engineering excellence, we create systems that are efficient, durable, and built for long-term performance.

Our Philosophy

We believe that an elevator is more than a machine, it is the lifeline of a building.

Our commitment is to provide smooth, safe, and reliable mobility that enhances comfort and elevates everyday living.

Vision:

To become a global leader in the elevator and escalator industry by setting new standards in **quality, innovation, and customer satisfaction.**

Why Choose Oasis

Every system is designed and supervised by experienced elevator engineers.

Fully compliant with ISO, CE, OSHA, and NCA standards. Safety guaranteed.

Tailored elevator systems to match building aesthetics & structural needs.

Microprocessor-based control systems, V3F drives & ARD safety integration.

Works closely with internationally recognized manufacturers, engineering suppliers, and technology innovators to ensure every system we deliver meets global standards of safety, performance, and durability.
